

STATEMENT OF EMERGENCY  
200 KAR 2:006E

This emergency administrative regulation is being promulgated in order to update state government employee travel expense forms and requirements referenced in 200 KAR 2:006 from the 2006 revision of this regulation to the current forms used. The amendment of this regulation also clarifies what authority is required to authorize travel, updates the reference resources used to calculate mileage, and allows the Secretary of the Finance and Administration Cabinet to update meal reimbursement rates as appropriate. An ordinary administrative regulation is not sufficient, because KRS 45.101(2) requires that travel expenses submitted to the Finance Cabinet be submitted on cabinet prescribed forms prior to payment. The forms referenced in the current regulation are no longer in use. Disruption of state employee travel in the course of ordinary job duties could have an immediate impact on public health, safety and welfare.

This emergency administrative regulation shall be replaced by an ordinary administrative regulation which is being filed with the Regulations Compiler along with this emergency administrative regulation. The ordinary administrative regulation is identical to this emergency administrative regulation.
